TRUdeck

Low Maintenance Composite Decking

TRUdeck® is a revolution in composite decking distributed throughout the UK by its trusted partners.

A market leading composite decking board, TRUdeck® is produced with 63% wood powder, 29% recycled HDPE, 8% glue, colours and anti-fungal agents. The mix of materials brings not only stability, but also durability, creating an attractive and strong composite decking board. The high quality composite outer skin is available in four elegant colours with a high finish to create a focal point for

all garden types. TRUdeck® is fixed at 400mm centres and fitted using our revolutionary clip system to assist quick installation and longevity of the product.
