Profile
Board

Grading Description

85/15 – 85% No2 clear & better allowing 15% No4.

Recommended Fasteners

Stainless Steel Annular Ring Shank Nails

Measurement

18 x 142mm

Western Red Cedar cladding will deliver decades of trouble-free service. It has a decay resistance of durability class 2 (durable) according to BS1186-3.

Grade
85/15

Western Red Cedar cladding has excellent dimensional stability because of its low wood density and shrinkage factor. Shrinkage and swelling are minimal, displaying only small movements with changes in humidity.
