Grading Description

85/15 – 85% No2 clear & better allowing 15% No4.

Measurement Exposed Face

18 x 142mm 112mm

Western Red Cedar cladding will deliver decades of trouble-free service. It has a decay resistance of durability class 2 (durable) according to BS1186-3.

Grade

85/15

Western Red Cedar cladding has excellent dimensional stability because of its low wood density and shrinkage factor. Shrinkage and swelling are minimal, displaying only small movements with changes in humidity.

Recommended Fasteners

Stainless Steel Annular Ring Shank Nails
