Profile
Board

Measurement
19 x 140mm

Grade
Select Tight Knot

Grading Description

Small, sound, and tightly inter grown knots, offering natural character while maintaining structural integrity.

It is a higher quality than standard knotty grades, balancing a rustic appearance with the durability of a select grade.

Western Red Cedar cladding will deliver decades of trouble-free service. It has a decay resistance of durability class 2 (durable) according to BS1186-3.

Recommended Fasteners

Stainless Steel Annular Ring Shank Nails
